

**PENINSULA**  
Periodontics & Orthodontics

***FREE SCREENING POLICY***

Peninsula Periodontics & Orthodontics is offering a free screening to provide you with information you can use to make a decision for further diagnostics. The value of this screening is \$25.00 and may be deducted from a comprehensive exam. The screening is a 5 to 10 minute process. After the screening, a financial outline for further examination and diagnostics will be provided.

I understand that Dr. Stewart I. Perim and/or Dr. Maria Perez-Mera may require further diagnostics for a definitive diagnosis and comprehensive examination.

I, \_\_\_\_\_, understand the above, and agree to the follow these guidelines.
